

## WHAT'S HAPPENING AT HOME? WINTER SESSION 2017-2018

---

We want to know what amazing things our participants have planned ! As we continue to work on socialization skills we would love to hear about any current or future special events and/or occasions so we can encourage our participants to share their "news" with their friends at COF. Examples might include vacations, sporting events, volunteering and jobs.

Please take a moment to share "what's happening" and return to Jamie at [jhager@connectionoffriends.org](mailto:jhager@connectionoffriends.org). Participants will have the opportunity to share their news with one another and have it featured on our "What's Happening?" board in the Social Gathering Room.

We look forward to learning more about our amazing group!
