What's Happening at Home?
Summer Session 2019!

We want to know what amazing things our participants have planned!

As we continue to work on socialization skills, we would love to hear about any current or future special events and/or occasions, so we can encourage our participants to share their "news" with their friends at COF. Examples might include vacations, sporting events, volunteering and jobs.

Please return your completed form to Jamie at jhager@connectionoffriends.org.

We look forward to learning more about our amazing group!
